

In partnership with the **McGrath Foundation**

Think Pink

Supporting Blokes

Tuesday 7th May 2019, 6.00pm to 8.00pm

Proudly supported by Freemasons Foundation Victoria Limited, Think Pink Foundation in partnership with the McGrath Foundation and Barwon Health are conducting the very first Geelong Supporting Blokes Group. This group has been specifically designed for men, so please join us.

Having a partner who is diagnosed with Breast Cancer can have an impact on relationships and the family unit. This group offers male partners and male family members a chance to share experiences, learn coping strategies and gather information that enables a better journey through breast cancer for themselves and their partner.

Light supper and refreshments will be provided.
